Project Demo Planning

Date	29 September 2026
Team ID	SWTID-2026-3296
Project Name	ComicCraft - AI Comic Story Creator using Gemini Models
Team Size	4
Team Leader	Kamalesh P R
Team Members	JAYAKUMARAN V M; Kannan P; Naresh C
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This plan follows the project documentation and divides the ComicCraft demonstration into introduction, architecture, live generation, preview/export, and conclusion.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce ComicCraft, the purpose of AI-powered comic creation, and the problem of simplifying story and illustration creation.	2	Kamalesh P R
2	Solution Overview & Architecture	Explain the frontend, FastAPI backend, Gemini Flash/Pro integration, Stable Diffusion, and overall generation workflow.	3	Kamalesh P R
3	Live Feature Demonstration	Enter story prompt, character name, setting, tone, and art style; demonstrate generation of the panel outline, narration, dialogue, and images.	5	JAYAKUMARAN V M
4	Comic Preview & PDF Export	Show the generated comic panel-by-panel, explain the preview page, and demonstrate downloading the completed comic as a PDF.	3	Naresh C
5	Backend & API Demonstration	Briefly explain routes such as /generate, /generate-comic/json and /test-image, including backend processing and AI integration.	3	Kannan P
6	Conclusion & Handover	Summarize the end-to-end workflow, mention current limitations/future enhancements, and prepare for questions.	2	Naresh C

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Project objective, user need, and ComicCraft overview.
2	Solution Overview	Architecture, AI models, backend/frontend workflow.
3	Live Feature Demonstration	Generate a personalized comic from user inputs.
4	Q&A; Session	Answer questions and clarify technical or functional aspects.

Total planned demonstration time: 18 minutes. The live feature section covers the main ComicCraft workflow from user input through AI generation, preview, and PDF export.
